Such nomination means an election, and in Senator Hoagland the district will have an indefatigable worker.

—No political victory that could be achieved gives the writer more pleasure than the election of H. M. Grimes as judge of the Thirteenth district. Those who cast their ballot for Judge Grimes in the belief that he would make an efficient and unprejudiced judge will not be disappointed.

—It is said that in the near future a motion will be introduced in the city council favoring a yearly donation of twenty-five dollars to each of the fire companies for incidental expenses. In view of the fact that each company needs fully that much for incidental expenses each year, and that such money has heretofore come from the pockets of the members, it would seem only fair that the council donate this amount.

There is not much glory, honor or recompense in being in a volunteer fire department. The members not only devote much time, but during the year several members ruin their clothes while at fires and burn out their boots or shoes. From a financial point of view every member of the department is a loser.
